MODULARITY MAKES YOUR HOME MORE FLEXIBLE

With the modular furniture system from SYSTEM4, you have the freedom to design your spaces exactly according to your wishes and needs. Whether you prefer a simple design in classic colors or want to add cheerful, colorful accents – with SYSTEM4, your design possibilities are virtually limitless. Thanks to the modular concept, all furniture can be configured according to your ideas and customised at any time.

EASYROOM DIVISION

In small spaces, a well-thought-out room division can work wonders to combine functionality and coziness. Whether as a subtle separation between the living and sleeping areas or as a flexible room partition module in a studio – the shelving unit seamlessly adapts to your needs.

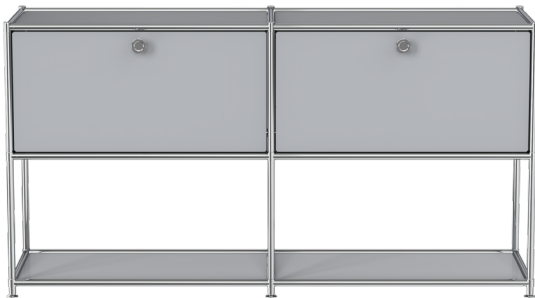

ARRIVE. SETTLE IN. FEEL GOOD.

Thanks to its modular design, the entrance area can be customised to suit your individual requirements and adjusted at any time. It offers practical solutions for storing shoes and clothing, allowing you to make the most of the space.
